If you're viewing this item then just buy it. I guess that you're fed up with your original remote control becoming spongy and unresponsive? This remote will put all of your frustrations behind you as it's crisp and responsive. It's a little more expensive than I expected but what price do you put on removing a load of stress from your life? Set up was easy with good instructions. I just had ...

[Which Replacement Remote? — YouView Community](#)

Following the instructions on the BT website you would have to input the code: 4483 then the light should flash 3 times to confirm the code has been input. After the 3 flashes you will need to hold down the TV power button on the BT YouView remote allowing the remote to cycle through different codes until it finds your model. The light should blink each time it tries a code. When your TV turns ...

[Humax YouView Remote Control - YouViewing](#)

I had 2 You View remote controls, the original and a replacement I bought a couple of years ago. Both have been flaky for some time. Each has buttons that don't work, fortunately between the 2 we've managed to control the TV and You View box, but getting increasingly frustrating. Bought this remote and it worked straight out of the box. Some buttons are a little close together, but we'll get ...

[BT YouView+ Set Top Box | Review](#)

Technically you just need the remote to reach the front of the box. I can see multiple ways of doing this. The cheapest being a cheap digi sender from eBay. You don't need the picture to be sent, just the i-r so you should be able to pick up an old scart one for peanuts. Or you could invest in a harmony remote which is dearer but gives the advantage of combining your existing remotes. It works ...

[BT YouView+ TV review | Expert Reviews](#)

The remote control on my BT branded YouView box died last night and I need to get a replacement. I know I can order one from the BT Shop for £20 but it won't be here for a while so need something a little more urgently. I've tried Argos, Tesco and Maplin but they only stock the actual STBs, and not the remote control, and I'd prefer not to get a universal/one for all type one. Any ideas where ...
