We first discuss the Robert Nozick's experience machine thought experiment, and several of its philosophical implications, including the nature of reality, our experience of reality, hedonism, and reducing suffering in the world. We also talk about fearmongering surrounding advanced forms of AI, and fearing "black boxes", and also how we constantly delegate decisions to other people ...

The Fringe welcomes all manner of different performers, but few are as intriguing as mild-mannered Indian gent, Mark Silcox. We first encountered him in the early days of his 2015 show, No Woman, Plenty of Cry, when the show didn't really happen and we ended up talking to him about life. Then, we saw the finished article, during which a conga line of fellow performers spontaneously rushed ...
