Flat-rate labor is applied to labor guides. A certain amount of time is involved on replacing a car starter on a certain year, make and model vehicle. If the labor guide dictates it takes 2.3 hours to replace the starter, then the customer pays for the new starter, plus the 2.3 hours of labor to install it. As long as nothing happens during the procedure where another part is compromised, the charge remains the same regardless of the amount of time it took the technician to replace the ...
