[The Truth About Trust How It Determines Success In Life Love Learning And More David Desteno](#)

The Truth about Trust: how it determines success in life, love, learning, and more, 2014, by David DeSteno, Professor of Psychology at Northeastern University and editor of the American Psychological Association's Journal Emotion. This is a very worthwhile book, although I was initially put off by its cover and subtitle. I wondered if the book was just another self help pitch with no solid evidence behind it. Fortunately, I discovered DeSteno is a scholar as well as having made an effort to ...

Renowned psychologist David DeSteno brings together the latest research from diverse fields, including psychology, economics, biology, and robotics, to create a compelling narrative about the forces that have shaped the human mind's propensities to trust. He shows us how trust influences us at every level, from how we learn, to how we love, to how we spend, to how we take care of our own health and well-being. Using cutting-edge research from his own lab, he also unlocks, for the first ...
